

### Pymont Bridge Road site - Night work on Parramatta Road

Work is underway at the Pymont Bridge Road site to prepare for tunnelling to start mid-year. This work includes disconnecting private water services to former buildings at the site that have now been demolished. As this activity is taking place on the footpath and road, it is being performed at night for the safety of workers, motorists, pedestrians and cyclists.

#### What we're doing

Work to disconnect water services will be undertaken on Monday 18 March and Tuesday 19 March (contingency night), weather permitting. Work will be carried out between 10.00pm and 5.00am. Additional notice will be provided to impacted residents if work is not proceeding on the notified nights.

A temporary work area will be established on the footpath and in the eastbound bus lane on Parramatta Road between Mallett Street and Pymont Bridge Road, Annandale. Please see a map showing the location of the work over the page.

Work will involve:

- Establishing traffic control and signage as required
- Excavating the footpath and using a high-powered vacuum suction truck
- Accessing, cutting and capping the existing private water connection
- Backfilling and compacting the ground

Equipment needed for this work includes, but is not limited to a vacuum truck, compactors, lighting tower, generator, hand tools, traffic control and light vehicles.

There are no planned water service outages as a result of this work.

#### How this affects you

This work will generate periods of noise particularly when we are using the vacuum truck. The project is committed to minimising noise impacts to surrounding residents by:

- Saw cutting the work area during the daytime to reduce number of noisy activities

#### When

Monday 18 March and  
Tuesday 19 March  
(contingency night)

#### Hours of operation

10:00pm to 5:00am

#### Where

In the footpath outside 174  
Parramatta Road (former  
address), Annandale.

If you have an enquiry or  
complaint about this work,  
please contact the M4-M5  
Link Tunnels team on toll free  
1800 660 248 or email

#### We speak your language

Notification No.MT072

- Scheduling remaining noisy activities to occur before 12am, where possible
- Consulting directly with impacted residents about the work
- Installing fencing and noise blankets around the work area
- Using non-tonal reversing beepers and instructing workers to keep noise to a minimum
- Directing temporary lighting away from properties

### Traffic changes

Changed traffic conditions on Parramatta Road will be in place during the work. The east bound bus lane and one eastbound traffic lane will be temporarily closed between 10.00pm and 5.00am. Westbound traffic lanes will not be impacted.

The pedestrian path adjacent to the site between Mallett Street and Pymont Bridge Road will be temporarily closed during the work. Traffic control personnel and signage will be in place to direct motorists, pedestrians and cyclists through these changes.
