

M4 Motorway night work – Homebush

Further to notification N137e, night work continues on the M4 Motorway to install planks for a new westbound bridge. A map showing the work area is provided overleaf.

Timing and work hours

From **Monday 13 November 2017**, work will take place between **10.00 pm and 5.00 am Sunday to Friday**.

If the work cannot be completed during this period, it will be rescheduled and additional community notification will be provided.

Work activities

This work, which will take up to **four weeks to complete**, will include:

- a 250 tonne crane mobilisation at site
- crane to lift and install precast planks into position.

Equipment used during the work will include a 250 tonne crane, elevated work platforms, franna cranes, lighting equipment and hand tools.

Minimising impact

There will be some noise associated with this work and every effort will be made to minimise this by using non-tonal reversing beepers on all machinery at night, turning off equipment and vehicles when not in use and where possible, directing noisy equipment away from residences. All sites will be restored to their previous condition.

Traffic changes

Temporary westbound lane closures on the M4 Motorway will be in place and the Homebush Bay Drive westbound exit ramp will be closed during this night work. Traffic control and pedestrian management will be in place to ensure the safety of motorists, residents and workers. If you travel along the route, please allow extra travel time and follow the signage and the direction of traffic controllers.

If you have an enquiry or complaint about this work, please contact toll free 1800 660 248 and ask to speak to a member of the M4 East team or email info@M4East.com.au.

ABOUT WESTCONNEX

WestConnex is part of a broader transport plan for Sydney which includes improved public transport, such as Sydney Metro and light rail, as well as better, more reliable motorway solutions. More than two-thirds of WestConnex will be built underground. Once complete, motorists will be able to avoid up to 52 sets of traffic lights and enjoy significant travel time savings.
