

**21 October 2016**

## **Updated temporary use of local roads – Haberfield**

We were in the area today to talk to you about the proposed temporary use of local roads in Haberfield by construction vehicles including trucks.

To facilitate upcoming work in Haberfield in late 2016 and early 2017, some heavy vehicle access to local roads is required. Access is required for vehicles making deliveries, including vehicles transporting machinery and equipment to and from construction sites, and for spoil removal.

### **Access to Crane Avenue via Chelmsford Avenue and Waratah Street (route 1)**

As part of the work required to install an electronic Variable Messaging Sign (VMS) on Dobroyd Parade, construction vehicles will require access to Crane Avenue via Chelmsford Avenue and Waratah Street. Work to install the VMS will take approximately two months to complete. You will be provided with more details about this work in a separate notification once the start date has been confirmed.

A total of approximately 15 to 20 return trips are expected over the two month period. Heavy vehicle use of Chelmsford Avenue and Waratah Street will primarily occur during standard daytime hours, however some night time movements may be required. These will be minimal and will occur in accordance with the Out of Hours Works Protocol.

### **Access to Parramatta Road via Ramsay Street and Dalhousie Street (route 2)**

As part of the piling work required for the construction of the tunnel portals, construction vehicles will require access to Parramatta Road via Dalhousie Street from November 2016 until early 2017. It is anticipated that there will be up to five heavy vehicle movements per hour for the duration of this work.

Wherever possible, the size of the machinery and equipment used, as well as the number of vehicle movements required for the work has been minimised.

If you have any feedback about the proposed temporary use of local roads in Haberfield, please provide this to the team before **Wednesday, 2 November 2016**.

Please contact us toll free on 1800 660 248 and ask to speak to a member of the M4 East team or email [info@M4East.com.au](mailto:info@M4East.com.au).
