## Proposed temporary compound – Queen Lane, North Strathfield

We were in the area today to talk to you about the proposed temporary use of the Queen Lane compound and local roads in North Strathfield.

To facilitate upcoming M4East work associated with the construction of the Concord Road Interchange over the next twelve months, a temporary compound area has been established off Queen Lane, North Strathfield to store materials and equipment.

We propose to extend the use of the compound for the next twelve months. The compound will primarily be accessed during standard construction hours between **7.00 am and 6.00 pm, Monday to Friday and 8.00 am to 1.00 pm on Saturdays**. However, limited use outside of these hours may be required. Residents closest to the compound will be notified if access to the compound is required outside of these hours.

Access to the compound will require some heavy vehicle access (a maximum of five return trips per day) to local roads. A map of the route and compound location is provided overleaf.

If you have any feedback about the Queen Lane compound or proposed temporary use of local roads in North Strathfield, please provide this to the team before **Tuesday, 21 March 2017**.

If you would like to provide feedback or enquire further about this proposal, please contact toll free 1800 660 248 and ask to speak to Barbara on the M4 East team or email [info@M4East.com.au](mailto:info@M4East.com.au) during business hours.

### ABOUT WESTCONNEX

WestConnex is part of a broader transport plan for Sydney which includes improved public transport, such as Sydney Metro and light rail, as well as better, more reliable motorway solutions. More than two-thirds of WestConnex will be built underground. Once complete, motorists will be able to avoid up to 52 sets of traffic lights and enjoy significant travel time savings.
