

**29 December 2016**

## Utility work – North Strathfield and Concord

Work is underway on WestConnex which involves widening and extending the M4 and M5 and joining them to create a free-flowing motorway network.

The M4 East will extend the existing M4 from Homebush to Haberfield via underground twin tunnels, each 5.5 kilometres in length and among the widest in the southern hemisphere. They will allow for three lanes of traffic in each direction, saving travel time for motorists and taking traffic off local roads. For more information, visit [westconnex.com.au/M4East](http://westconnex.com.au/M4East).

From **Monday, 9 January 2017**, night work is required to relocate a number of services, including electricity and water, in the Concord and North Strathfield area.

To ensure the safety of workers and motorists, this work will be undertaken **between 9.00 pm and 5.00 am Sunday to Friday**. A map showing the location of the work is provided overleaf.

The work is expected to require up to **twenty-four nights of work over an eight-week period**, weather and site conditions permitting, and will include:

- installing temporary worksites and fencing
- excavating the road and the footpath
- identifying underground services and utilities
- installing pipes and pulling and connecting power cables
- removing service poles
- backfilling and temporarily reinstating the work area - permanent reinstatement will follow.

Equipment will include excavators, vacuum trucks, concrete cutters, jackhammers, excavation and boring equipment, lighting towers and light vehicles.

Traffic management and signage will be in place to manage any traffic changes and residential access will be maintained at all times. Please allow extra travel time and follow the signage and the direction of traffic controllers.

There will be some noise associated with this work, however every effort will be made to minimise the impact of work, including by using non-tonal reversing beepers on machinery, turning off equipment and vehicles when not in use and, where possible, directing noisy equipment away from residences.

If you have an enquiry or complaint about this work, please contact toll free 1800 660 248 and ask to speak to a member of the M4 East team or email [info@M4East.com.au](mailto:info@M4East.com.au).

Notification reference: N163

### ABOUT WESTCONNEX

WestConnex is part of a broader transport plan for Sydney which includes improved public transport, such as Sydney Metro and light rail, as well as better, more reliable motorway solutions. More than two-thirds of WestConnex will be built underground. Once complete, motorists will be able to avoid up to 52 sets of traffic lights and enjoy significant travel time savings.
