

Road reopening - Martin Street, Haberfield

Martin Street at its intersection with Wattle Street (eastbound) will be reopened to traffic, pedestrians and cyclists from 5.00 am on Tuesday, 1 May 2018. The M4 East team would like to thank the community for their patience during this closure.

Martin Street will become a permanent left in only at the intersection of Wattle Street (eastbound). Access out onto Wattle Street will be via Ramsay Street.

What we're doing

Work to reopen the road will involve:

- placing asphalt and compacting the new surface
- removing barriers, temporary signage, crash cushions, and temporary line marking
- finalising new pavement and line marking.

Equipment used during the work will include a franna crane, excavators, concrete pumps, a compactor plate, drum rollers, asphalt pavers and hand tools.

How this affects you

There will be some noise associated with this work and every effort will be made to minimise this by turning off equipment and vehicles when not in use and where possible, directing noisy equipment away from residences.

Traffic control and pedestrian management will be in place to ensure the safety of motorists, residents and workers. Parking may be limited in the vicinity of the work site. If you travel along the route, please allow extra travel time and follow the direction of traffic controllers and signage.

In an effort to minimise additional impacts experienced as a result of unexpected construction delays, we provide residents with weekly email updates about upcoming out-of-hours work in the area. If you would like to receive updates
