

**20 April 2017**

## **Drainage work – Underwood Road, Homebush**

Work is underway on WestConnex which involves widening and extending the M4 and M5 and joining them to create a free-flowing motorway network.

The M4 East will extend the existing M4 from Homebush to Haberfield via underground twin tunnels, each 5.5 kilometres in length and among the widest in the southern hemisphere. They will allow for three lanes of traffic in each direction, saving travel time for motorists and taking traffic off local roads. For more information, visit [westconnex.com.au/M4East](http://westconnex.com.au/M4East).

**From Wednesday, 26 April 2017**, night work to carry out drainage work will take place on Underwood Road, Homebush. A map of the work area and a calendar showing the dates of work is provided overleaf.

To ensure the safety of workers and motorists, this work will take place **between 7.30 pm and 6.00 am**. If the work cannot be completed during this period, it will be rescheduled.

This work is expected to take **two nights to complete** and will include:

- excavating
- realignment of drainage system
- backfilling and restoration

Equipment used during the work will include excavators, traffic control, compactors, road saws, lighting towers, light vehicles and trucks.

There will be some noise associated with this work, however every effort will be made to minimise the impact of work, including by using non-tonal reversing beepers on machinery, turning off equipment and vehicles when not in use and, where possible, directing noisy equipment away from residences.

If you have an enquiry or complaint about this work, please contact toll free 1800 660 248 and ask to speak to a member of the M4 East team or email [info@M4East.com.au](mailto:info@M4East.com.au).

Notification reference: N205

### **ABOUT WESTCONNEX**

WestConnex is part of a broader transport plan for Sydney which includes improved public transport, such as Sydney Metro and light rail, as well as better, more reliable motorway solutions. More than two-thirds of WestConnex will be built underground. Once complete, motorists will be able to avoid up to 52 sets of traffic lights and enjoy significant travel time savings.
