

Tower Crane Disassembly - Parramatta Road Ventilation Facility

From Saturday, 14 July 2018, work to disassemble one of the two tower cranes will commence. Due to safety reasons, this work will be undertaken over two weekends (Saturday and Sunday).

Work continues on the construction of the Parramatta Road Ventilation Facility (PRVF), which is located within the Wattle Street Construction Site. A map of the work area is provided overleaf.

What we're doing

This work will involve:

- Using the remaining tower crane to dismantle the decommissioned tower crane;
- Disassembling the tower crane and loading parts onto trucks to be removed from site.

Equipment used will include a tower crane, a mobile crane, a franna crane, flatbed trucks, rattle guns and hand tools.

Following this work, the remaining tower crane will continue to only be used during standard construction hours of 7.00 am and 6.00 pm.

How this affects you

There will be noise associated with this work and every effort will be made to minimise this where possible, including turning off equipment and vehicles when not in use, and directing noisy equipment away from residences.

In an effort to minimise additional impacts experienced as a result of unexpected construction delays, we provide residents with weekly email updates about upcoming out-of-hours work in the area. If you would like to receive updates about out-of-hours work near your property, please email our team at info@m4east.com.au and ask to subscribe to the mailing list.

If you have an enquiry or complaint about this work, please contact toll free 1800 660 248 and ask to speak to a member of the M4 East team or email info@M4East.com.au.
