

18 September 2017

Temporary closure of the G-Loop – Wattle Street, Haberfield

From **Wednesday, 20 September 2017**, the dedicated truck turning bay within Reg Coady Reserve (known as the G-Loop) will be **temporarily closed for six weeks**. This temporary closure will facilitate the construction of permanent pavement along Wattle Street and associated drainage and utility services.

Timing and work hours

During the six-week temporary closure, truck movements will be via approved haulage routes outlined below:

- **7am – 3pm Monday to Friday and 8am – 1pm Saturday:** travel along Wattle Street, Haberfield turn left onto Timbrell Drive, Five Dock, complete a U-turn at the roundabout, and then turn right back onto Wattle Street towards Parramatta Road.
- **Out of hours:** travel along Wattle Street, Haberfield, continue along City-West Link to James Craig Road, Rozelle, turn around and then travel back along City-West Link onto Wattle Street towards Parramatta Road.

A map outlining the above approved haulage routes is provided overleaf.

Minimising impact

The temporary closure of the G-Loop will reduce night work in the area to complete the construction of permanent pavement and associated drainage along Wattle Street / Dobroyd Parade.

In an effort to minimise additional impacts experienced as a result of unexpected construction delays, we can provide residents with weekly email updates about upcoming out-of-hours work in the area. If you would like to receive updates about out-of-hours work near your property, please email our team at info@m4east.com.au and ask to subscribe to the out-of-hours work mailing list.

If you have an enquiry or complaint about this work, please contact toll free 1800 660 248 and ask to speak to a member of the M4 East team or email info@M4East.com.au.
