

Signage preparation work - Dalhousie Street, Haberfield

From Thursday, 28 June 2018 work will continue on the Overheight Detectors (OHD) on Dalhousie Street, Haberfield; communication cabling will be installed to connect the OHDs together.

As a full road closure is required to complete the work, some of this work will be undertaken at night. This night work is scheduled to take place on Thursday 28 June, Tuesday 3 July, Wednesday, 4 July and Friday, 6 July. A map showing the location of the work is provided overleaf.

Please note that parking will be limited in the vicinity of the work site. This will reduce the amount of out of hours work required.

What we're doing

Work will involve:

- saw cutting and removing the road surface;
- installing utility services for the structures by open trenching.

Equipment used during the work will include concrete trucks, excavators, vacuum trucks, concrete saws, lighting equipment and hand tools.

How this affects you

There will be some noise associated with this work and every effort will be made to minimise this by turning off equipment and vehicles when not in use and where possible, directing noisy equipment away from residences. Wherever possible, work will be completed during the day.

Traffic control and pedestrian management will be in place to ensure the safety of motorists, residents and workers. If you travel along the route, please allow extra travel time and follow the direction of traffic controllers and signage.

If you have an enquiry or complaint about this work, please contact toll free 1800 660 248 and ask to speak to a member of the M4 East team or email info@M4East.com.au.
