

Night work to implement the traffic changes for Stage 1 of the intersection upgrade at the May Street, Campbell Street, Unwins Bridge Road and Bedwin Road intersection, St Peters

Construction work will begin to realign traffic at the above intersection and improve safety for pedestrians and motorists. Work will be carried out in 3 consecutive stages, with different traffic changes in place during each stage of construction (please refer to the factsheet which accompanies this notification). This work is expected to take about 12 months to complete. Stage 1 of this work and associated traffic changes will be implemented during night work on **Friday 13 July**.

What we're doing

Night work to implement Stage 1 of the intersection realignment, which includes installing and relocating concrete barriers and line marking, will take place on:

- Friday 13 July, 7pm to 6am (*Saturday 14 July, 8am to 6pm, as contingency if the work cannot be completed on Friday night*)

Traffic controllers will be in place around the work area and on surrounding streets to direct pedestrians and motorists. For safety reasons, pedestrians may be directed to cross the road to the opposite footpath.

Traffic changes during night work Friday 13 July, 7pm to 6am. (Day work Saturday 14 July, 8am to 6pm as contingency)

- Vehicle movements into and out of Bedwin Road, Unwins Bridge Road and Campbell Street will be maintained by stop / slow traffic set up.
- A road closure will be in place on May Street for a time during this night work shift.
- Eastbound traffic only on Campbell Street (west)

Please see the map overleaf to better explain these temporary traffic changes.

How this affects you

Equipment used during the work will include excavators, cranes, road saw, compaction equipment including a plate compactor and roller, line marking removal truck, line marking truck, concrete trucks, construction trucks, hand tools, light vehicles, and lighting towers.

When

Friday 13 July, 7pm to 6am

(Saturday 14 July, 8am to 6pm, as contingency if the work cannot be completed on Friday night)

BUILDING OUR FUTURE

Constructed by

The site compound on May Street and along the southern side of Campbell Street will be used intermittently throughout the work for storage of materials and vehicle parking.

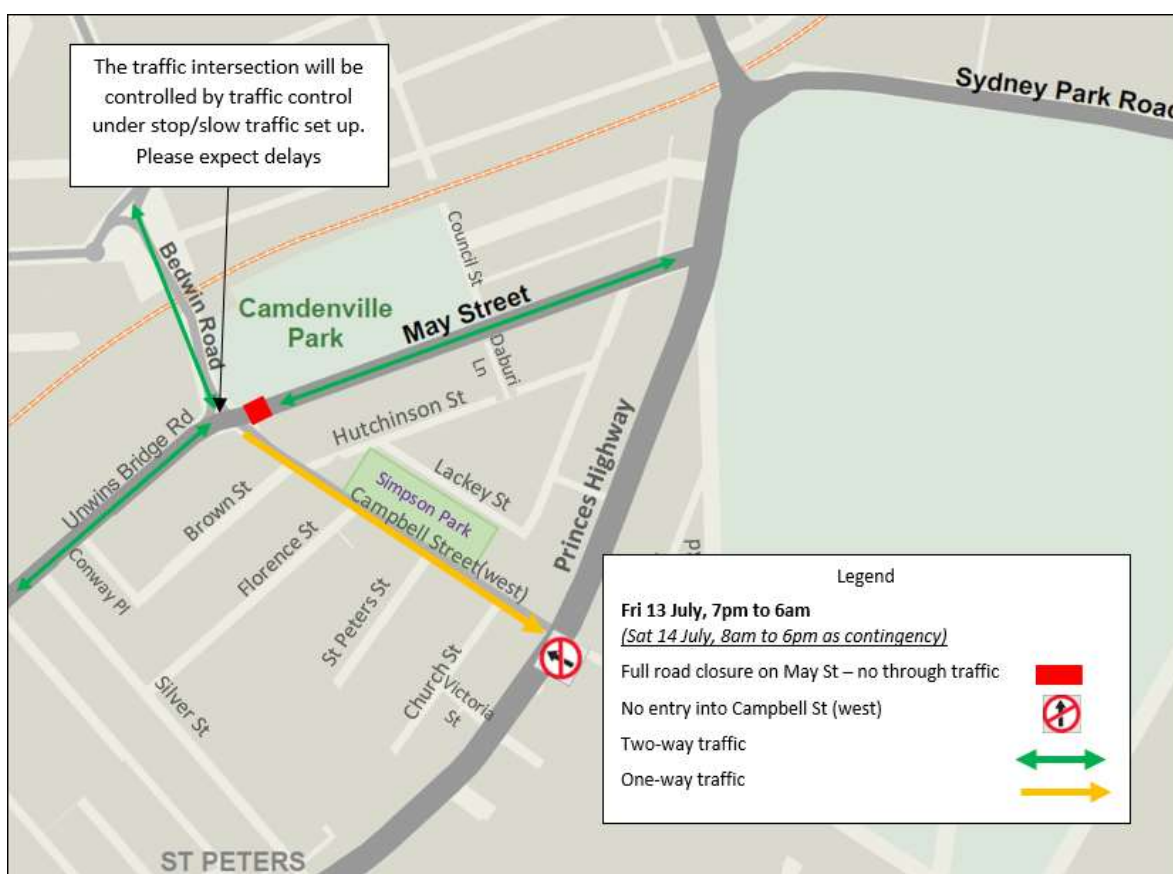

This work is expected to generate noise however every effort will be made to minimise noise associated with this work by installing noise blankets around the work site, turning off equipment and vehicles when not in use and directing noise generating equipment away from residential properties where possible.

Traffic changes to be implemented in Stage 1 of the intersection upgrade from 13 July to October 2018

- No right turn from Unwins Bridge Road into Campbell Street.
- Left turn will be permitted from Princes Highway northbound into Campbell Street for vehicles under 6 metres.
- May Street will be reduced to one lane in each direction near to the intersection.
- May Street southbound traffic will travel in the current southbound road shoulder.
- Bedwin Road will be reduced to one lane in each direction with a right turning lane from Bedwin Road into Unwins Bridge Road at the intersection.

Please see factsheet for maps associated with the 3 Stages of May Street construction.

Traffic changes during one night work shift on Friday 13 July 7pm to 6am. (Saturday 14 July, 8am to 6pm, as contingency if the work cannot be completed on Friday night)

This night work is for the implementation of Stage 1 of the construction and realignment of the May Street, Campbell Street, Unwins Bridge Road and Bedwin Road intersection. Details of each of the 3 stages of construction can be found below and in the accompanying factsheet.

Construction staging	Approximate time	Activity & location
Stage 1	Mid-July 2018 to Oct 2018	Road reconstruction on the western side of May Street and along Bedwin Road adjacent to Camdensville Basin
Stage 2	Oct 2018 – Jan 2019	Road construction on the eastern side of May Street and Unwins Bridge Road
Stage 3	Jan 2019 – mid-2019	Road construction on the western side of Unwins Bridge Road and southern sides of Bedwin Road and Campbell Street at the Unwins Bridge Road intersection
