

**18 August 2017**

## Utility work – North Strathfield and Concord

Further to our notifications N163a-d, from **Wednesday 23 August 2017**, work continues to relocate a number of services, including electricity and water, in the Concord and North Strathfield area. This timeline has been extended due to delays experienced due to inclement weather and the complexity of underground services requiring additional design works.

To minimise the impact to residents, work has been scheduled to take place **between 7.00 am and 6.00 pm Monday to Friday and 8.00 am and 1.00 pm Saturday**, where possible. However, to ensure the safety of workers and motorists night work is also required. Night work will take place **between 8.00 pm and 7.00 am Sunday to Saturday**. A map showing the location of the work is provided overleaf.

The work is expected to take **six weeks** to complete, weather and site conditions permitting, and will include:

- installing temporary worksites and fencing
- excavating the road and the footpath
- locating, installing and testing underground services and utilities
- installing pipes and pulling and connecting power cables
- removing service poles
- back-filing and temporarily reinstating the work area - permanent reinstatement will follow.

Equipment will include excavators, vacuum trucks, concrete cutters, jackhammers, excavation and boring equipment, lighting towers, plate compactors and rollers, tip trucks and light vehicles

**During the work, the pedestrian footpath on Parramatta road in the vicinity of the work site will be closed. Detour signage will be in place. A map showing the pedestrian detour is provided overleaf. Residential access will be maintained. Please allow extra travel time and follow the signage.**

There will be some noise associated with this work, however every effort will be made to minimise the impact of work, including by using non-tonal reversing beepers on machinery, turning off equipment and vehicles when not in use and, where possible, directing noisy equipment away from residences.

If you have an enquiry or complaint about this work, please contact toll free 1800 660 248 and ask to speak to a member of the M4 East team or email [info@M4East.com.au](mailto:info@M4East.com.au).

### ABOUT WESTCONNEX

WestConnex is part of a broader transport plan for Sydney which includes improved public transport, such as Sydney Metro and light rail, as well as better, more reliable motorway solutions. More than two-thirds of WestConnex will be built underground. Once complete, motorists will be able to avoid up to 52 sets of traffic lights and enjoy significant travel time savings.
