

## 3 January 2018

### Scaffolding installation – Underwood Road Ventilation Facility, Homebush

Construction of the Underwood Road Ventilation Facility (URVF) continues on Underwood Road, Homebush. To ensure the safety of workers, pedestrians and motorists, temporary scaffolding will be constructed along the perimeter of the facility which abuts the M4 eastbound alignment.

#### Timing and work hours

The scaffold will be progressively installed (vertically) over **15 night shifts between Monday, 8 January 2018 and Saturday, 30 June 2018**. This work will be undertaken between **10.00 pm and 5.00 am Sunday to Friday**. Weather and site conditions pending.

Please note, if the work cannot be completed during this period, you will be re-notified.

#### Work activities include:

- mobilise traffic control, including safety barriers
- install scaffolding
- demobilise traffic control.

Equipment used will include 20t crane, lighting equipment and hand tools.

#### Minimising impacts

There may be some noise associated with this work and every effort will be made to minimise the impact of work, including by using non-tonal reversing beepers on machinery, turning off equipment and vehicles when not in use and, where possible, directing noisy equipment away from residences.

#### Traffic changes

During this work, one eastbound lane of the M4 motorway will be closed. If you travel along this route, please allow extra travel time and follow the signage and the direction of traffic controllers.

If you have an enquiry or complaint about this work, please contact toll free 1800 660 248 and ask to speak to a member of the M4 East team or email [info@M4East.com.au](mailto:info@M4East.com.au)

Notification reference: N234b

#### ABOUT WESTCONNEX

WestConnex is part of a broader transport plan for Sydney which includes improved public transport, such as Sydney Metro and light rail, as well as better, more reliable motorway solutions. More than two-thirds of WestConnex will be built underground. Once complete, motorists will be able to avoid up to 52 sets of traffic lights and enjoy significant travel time savings.
