

Construction Update: Parramatta Road Ventilation Facility, Haberfield

With the majority of the structure nearly completed, work continues on the construction of the Parramatta Road Ventilation Facility (PRVF), which is located within the Wattle Street Construction Site. A map of the work area is provided overleaf.

What we're doing

What we have achieved so far:

- detailed excavation, including excavating drainage lines;
- installation of civil retaining structures and utility services;
- construction of the majority of the PRVF structure, including installation of vertical walls and columns;
- construction of the majority of associated buildings and sub-stations.

Remaining activities:

- finalising the construction of the PRVF structure;
- finalising construction of the sub-stations and buildings;
- mechanical and electrical fitout of the structures;
- installation of architectural finishes and internal fit out of the structure;
- finalising the perimeter walls;
- installation of associated landscaping, and footpath remediation work.

Equipment used will include excavators, trucks, mobile cranes, concrete trucks, concrete saws, hand tools, generator, and lighting equipment.

The remaining tower crane will continue to be used between standard construction hours of 7.00 am and 6.00 pm Monday to Friday, and 8.00 am to 1.00 pm on Saturdays.

How this affects you

There will be noise associated with this work and every effort will be made to minimise this where possible, including turning off equipment and vehicles when not in use, and directing noisy equipment away from residences.

If you have an enquiry or complaint about this work, please contact toll free 1800 660 248 and ask to speak to a member of the M4 East team or email info@M4East.com.au.
