

Installation of Precast Planks – M4 Motorway Eastbound

From **Wednesday, 10 January 2018**, precast planks will be installed along the M4 Motorway (eastbound) in North Strathfield. During this work, **the M4 Motorway eastbound will be closed between Sydney Street and Parramatta road**. A map showing the location of the work is provided overleaf.

Timing and work hours

This work will take up to **two night shifts to complete**. Work has been scheduled to take place between **9.30 pm and 5.00 am Sunday to Friday**.

If the work cannot be completed during this period, it will be rescheduled and additional community notification will be provided.

Work activities

This work will include:

- lifting planks into position with a crane
- installing z-bars with timber packers and hand tools.

Equipment used during the work will include a 100 Ton crane, elevated work platform (EWP), light equipment and small hand tools.

Minimising impact

There will be some noise associated with this work and every effort will be made to minimise this by using non-tonal reversing beepers on all machinery at night, turning off equipment and vehicles when not in use and, where possible, directing noisy equipment away from residences. All sites will also be restored to their previous condition.

Traffic changes

During this work, **the M4 Motorway eastbound will be closed between Sydney Street and Parramatta road**.

Traffic control and pedestrian management will be in place to ensure the safety of motorists, residents and workers. Parking will be restricted in the vicinity of the work. If you travel along the route, please allow extra travel time and follow the signage and direction of traffic controllers.

If you have an enquiry or complaint about this work, please contact toll free 1800 660 248 and ask to speak to a member of the M4 East team or email info@M4East.com.au.

Notification reference: N297

ABOUT WESTCONNEX

WestConnex is part of a broader transport plan for Sydney which includes improved public transport, such as Sydney Metro and light rail, as well as better, more reliable motorway solutions. More than two-thirds of WestConnex will be built underground. Once complete, motorists will be able to avoid up to 52 sets of traffic lights and enjoy significant travel time savings.
