

Intelligent Transport System installation - M4 Motorway, Homebush

Further to notification N331a, from Thursday 24 May 2018, work will continue on the M4 Motorway and surrounding roads in Homebush to install Intelligent Transport System (ITS) infrastructure, Closed Circuit Television (CCTV) and road work listed below. This work will require closures on the M4 Motorway and the M4 Motorway on-ramp at Homebush Bay Drive, and is expected to take up to two months to complete, weather permitting. Residents will be notified as work progresses.

Testing of tolling gantries is underway. Toll tags may beep when driving under the gantry, however, no tolls will be charged.

A map showing the location of the work is provided overleaf.

What we're doing

This work will involve:

- utilities investigation and installation (including cable pulling)
- installing ITS infrastructure
- installing signage
- tree clearing
- installing CCTV posts with cameras
- asphaltting and concreting
- installing barriers and medians
- permanent restoration works
- line marking.

Equipment used during the work will include excavators, piling rig, vacuum trucks, concrete saws, paving equipment, rollers, jack hammers, concrete trucks, asphaltting trucks, core drills, chainsaws, cranes, elevated work platform, trucks, compactors, site vehicles, small tools, hand tools and lighting equipment.

How this affects you

During this work, full closures of the M4 Motorway westbound and eastbound, and lane closures on the M4 Motorway on-ramp at Homebush Bay Drive will be required. Specific information regarding these closures will be communicated via comprehensive Variable Message Sign (VMS) and livetraffic.com.

Notification No.N331b

Traffic control and pedestrian management will be in place to ensure the safety of motorists, residents and workers. If you travel along the route, please allow extra travel time and follow the signage and direction of traffic controllers.

There will be some noise associated with this work and every effort will be made to minimise this by using non-tonal reversing beepers on all machinery at night, turning off equipment and vehicles when not in use and where possible, directing noisy equipment away from residences. All sites will also be restored to their previous condition.

If you have an enquiry or complaint about this work, please contact toll free 1800 660 248 and ask to speak to a member of the M4 East team or email info@m4east.com.au.
