

Construction Work - Wattle Street Civil Site

Following recent traffic changes, from Wednesday, 2 January 2019 work continues around the Wattle Street Civil Site, Haberfield in anticipation of project completion in early 2019. A map showing the location of work is provided overleaf.

This package of work is expected to take up to three months to complete, with updates provided to residents monthly.

What we're doing

This remaining work will involve:

- road and pavement work including the installation of traffic barriers, signage, line marking and asphalt, and the remediation of footpaths, kerb and driveways;
- landscaping and noise wall work;
- utility investigation and installation.

Equipment used during the work will include excavators, vacuum trucks, concrete saws, cranes, trucks, compactors, road line markers, graders, asphalt laying plant, trucks, small tools, hand tools, and lighting equipment.

How this affects you

Traffic control and pedestrian management will be in place to ensure the safety of motorists, residents and workers. If you travel along the route, please allow extra travel time and follow the signage and direction of traffic controllers.

There will be some noise associated with this work and every effort will be made to minimise this including turning off equipment and vehicles when not in use and where possible, directing noisy equipment away from residences.

If you have an enquiry or complaint about this work, or if you would like to receive updates on out of hours work near your property, please contact toll free 1800 660 248 and ask to speak to a member of the M4 East team or email info@M4East.com.au
