

Construction works - Cintra Park (Concord Oval precinct), Concord

Work continues on the construction of the Cintra Park precinct, which is located within Concord. Work is expected to take up to three months to complete, with residents regularly updated. Further to the previous notification 393, some out of hours works will be carried out alongside Parramatta Road.

What we're doing

The following works will be occurring at Cintra Park:

- Installation of associated landscaping, and footpath remediation work
- Tie in of new driveways with existing roads
- Demolition of temporary concrete haul road
- Removal of temporary noise walls in preparation for the final site handover
- Commissioning of the water treatment plant, ventilation facility and substation
- Realign the kerb on Parramatta Road (expected duration: one out of hours shift)
- Reinstate the footpath and landscape along Parramatta road (expected duration: two out of hours shifts).

Equipment required for this work includes, but is not limited to; excavator with hammer and bucket, dump trucks, trucks, mobile cranes, concrete trucks and pumps, slip form kerb machine, concrete saws, hand tools, generator, lighting equipment and jack hammers.

Out of hours works

As part of the upcoming activities, out of hours works are required on Parramatta Road to realign the kerb, restore the footpath and landscape the surrounding area.

This work has been scheduled to take place between the 26 March 2019 to 9 April 2019. It is expected to take three shifts; however, two contingency shifts are allocated to allow for unforeseen circumstances.

Due to the proximity of the project works to live traffic, lane closures must be in place to ensure the safety of the public and workers. The lane closures of Parramatta Road are required to occur outside of the standard construction hours.

When

Tuesday, 26 March to Friday, 3 May

How this affects you

There will be some associated noisy works which will include breaking out the existing kerb and loud noise from the slip form kerb machine and concrete agitators. Every effort will be made to minimise and reduce noise where possible, including turning off equipment and vehicles when not in use, and directing noisy equipment away from residences where possible.

If you have an enquiry or complaint about this work, please contact toll free 1800 660 248 and ask to speak to a member of the M4 East team or email info@M4East.com.au
