

4 August 2017

Upcoming night work – Burrows Road St Peters

Night work will be carried out at 1-3 Burrows Road to remove trees in preparation for construction of a bridge over the Alexandria Canal.

Work will take place on Thursday 10 August from 8pm to 5am. This work is being carried out at night to minimise impacts to traffic during the day and to ensure the safety of road users and our workers.

Work activities and traffic management

The night work will involve establishing a work area and removing the trees.

Equipment will include chain saws, hand tools, light vehicles, lighting towers and traffic management.

One lane of traffic will be closed with Stop/Go traffic control in place.

Minimising impact

There may be some impact to businesses with staff working out of hours during this work. These impacts include noise and lighting. We will make every effort to minimise these impacts by:

- Turning vehicles and machinery off when not in use and using less noisy equipment
- Directing noise-generating equipment and lights away from properties where possible
- Chipping work undertaken during standard construction hours

More information

If you have a question about this work, please call 1800 660 248 (toll free) and ask to speak to a member of the New M5 community engagement team or email info@newm5.com.au.

You can also visit us at our Community Information Centre at 27 Burrows Road St Peters. The centre is open from 9am to 5pm on weekdays (excluding public holidays).
