Night work – Campbell Road, Alexandria

Night work will be undertaken on Campbell Road to progress power utilities works. This work is being undertaken at night with traffic management in place, for the safety of motorists, pedestrians, cyclists and workers. A map showing the location of the work is provided overleaf.

Night work will be carried out on **Monday 7 August** between **7pm and 5am** and is expected to take one shift to complete, weather permitting.

The work will involve the removal of concrete barriers along Campbell Road, adjacent to Harber Street, and reinstating them on Campbell Road, adjacent to Barwon Park Road. This work is required to be carried out at night to limit impacts to traffic during the day. Equipment used during the work will include cranes, trucks, lighting towers, hand tools, forklift and construction vehicles.

Every effort will be made to minimise noise and light spill associated with this work by:

- Scheduling noisy work to take place early in the night where possible
- Turning off equipment and vehicles when not in use
- Using non-tonal reversing beepers on all machinery
- Using eco barrier around our worksite
- Directing noise generating equipment and lights away from residential properties where possible.

Traffic changes

Changed traffic conditions on Campbell Road will be in place during this work. The parking lane will temporarily be closed; stop / go traffic management will assist traffic flow between Harber Street and Barwon Park Road, and reduced speed limits will be in place. Traffic control and signage will be in place to assist road users, pedestrians and cyclists through the changes. If you are travelling through the area, please allow extra time for your journey and follow the signs and directions from traffic controllers.
