

Work in your area, Bexley North

Work will be undertaken to assemble a tower crane inside the Bexley Road South construction compound over the weekend of 28 and 29 July 2018 (weather permitting).

What we're doing

A 127t tower crane will be delivered disassembled using several semi-trailers. The parts will then be lifted off the truck bed and the tower crane assembled in the Bexley Road, Bexley South compound.

How this affects you

Some of this work will be noisy; however, noise modelling has been conducted for this work as it is being undertaken outside of standard construction hours.

We may use lighting towers, cranes, power tools, hand tools and construction vehicles to complete this work.

If there is wet weather or other delays, work may continue into the following week.

The map on over the page indicates where the tower crane will be placed onsite.

If you have any enquiries about this work, please call 1800 660 248 (24 hours) and ask to speak to a member of the New M5 community engagement team or email info@newm5.com.au.
