

## Night work in St Peters Interchange near Canal Road, St Peters

Night work is needed within the St Peters Interchange construction site near the corner of Canal Road and Princes Highway to install precast panels at the cut and cover structure.

### What we're doing

This work will be undertaken at night due to worksite exclusion zone requirements needed to handle and position the concrete panels.

We will use a mobile crane, trucks, lighting towers and elevated work platforms to complete these works.

### How this affects you

These works are expected to generate noise. Noise modelling has been conducted for these works undertaken outside of construction hours. Every effort will be made to minimise noise and light spill to surrounding properties.

If you have a question about this work, please call 1800 660 248 (toll free) and ask to speak to a member of the New M5 community engagement team or email [info@newm5.com.au](mailto:info@newm5.com.au).

We apologise for any inconvenience this may cause.

### When

Tuesday 30 October to  
Thursday 1 November 2018  
(Weather permitting)

### Hours of operation

6pm to 6am

### Where

St Peters Interchange  
construction site, near Canal
