

Traffic changes in St Peters from Monday 5 November to Friday 9 November

Traffic changes will be in place from Monday 5 November to Friday 9 November to install drainage pipes and utility services underground. This work will also include two night work shifts on Campbell Street (west) and Unwins Bridge Road on Monday 5 November and Tuesday 6 November.

1) Day/night work and road closures on Campbell St (west) and Brown St

Day and night work will be undertaken to install drainage pipes and utility services across the full width of Campbell Street (west) between Brown Street and the intersection of Unwins Bridge Road and May Street. Some of this work must be undertaken at night for the safety of pedestrians and motorists. The planned work schedule is:

- **7am Monday 5 November to 6pm Wednesday 7 November** (includes two night work shifts on Monday 5 November and Tuesday 6 November)
- **Thursday 8 November from 7am to 6pm**
- **Friday 9 November from 7am to 6pm**

Work will take place during the hours stated above, however the road closures on Campbell Street (west) and Brown Street will remain in place day and night from 7am Monday 5 November to 6pm Friday 9 November (inclusive).

Traffic changes from 7am Monday 5 November to 6pm Friday 9 November

- Road closure on Campbell Street (west) at the intersection of Unwins Bridge Road, Bedwin Road and May Street; no vehicle access between Campbell Street (west) and Unwins Bridge Road, Bedwin Road and May Street, and between Campbell Street (west) and Brown Street
- Eastbound lane closure on Campbell Street between Hutchinson Street and Princes Highway; local traffic only permitted westbound
- Left turn only from St Peters Street on to Campbell Street
- Road closure on Brown Street at the intersection of Campbell Street; vehicle access to Brown Street via Conway Place only. Parking restrictions will be in place on Brown Street for the duration of the work
- Campbell Street southern footpath closed at Brown Street. Pedestrian detour via temporary access path along the northern side of Campbell Street between May Street and Hutchinson Street

When

1) Campbell Street & Brown Street

7am Monday 5 November to 6pm Wednesday 7 November (inclusive);
Thursday 8 November 7am to 6pm;
Friday 9 Nov 7am to 6pm

2) Unwins Bridge Road

Monday 5 November 7pm to 5am
Tuesday 6 Nov 7pm to 5am

Australian Government

BUILDING OUR FUTURE

Constructed by

- Pedestrian access from Brown Street to Campbell Street via signalised pedestrian crossing at May Street and Unwins Bridge Road intersection

2) Night work and traffic changes on Unwins Bridge Road

Night work will continue along the eastern footpath on Unwins Bridge Road near the intersection of Bedwin Road, May Street and Campbell Street to install power and communications conduits underground. Due to the necessary safety and traffic approvals required for lane closures on Bedwin Road and Unwins Bridge Road, this work must take place at night or over the weekend outside of peak volume times.

- **Monday 5 November from 7pm to 5am**
- **Tuesday 6 November from 7pm to 5am**

Traffic changes on Monday 5 November and Tuesday 6 November from 7pm to 5am

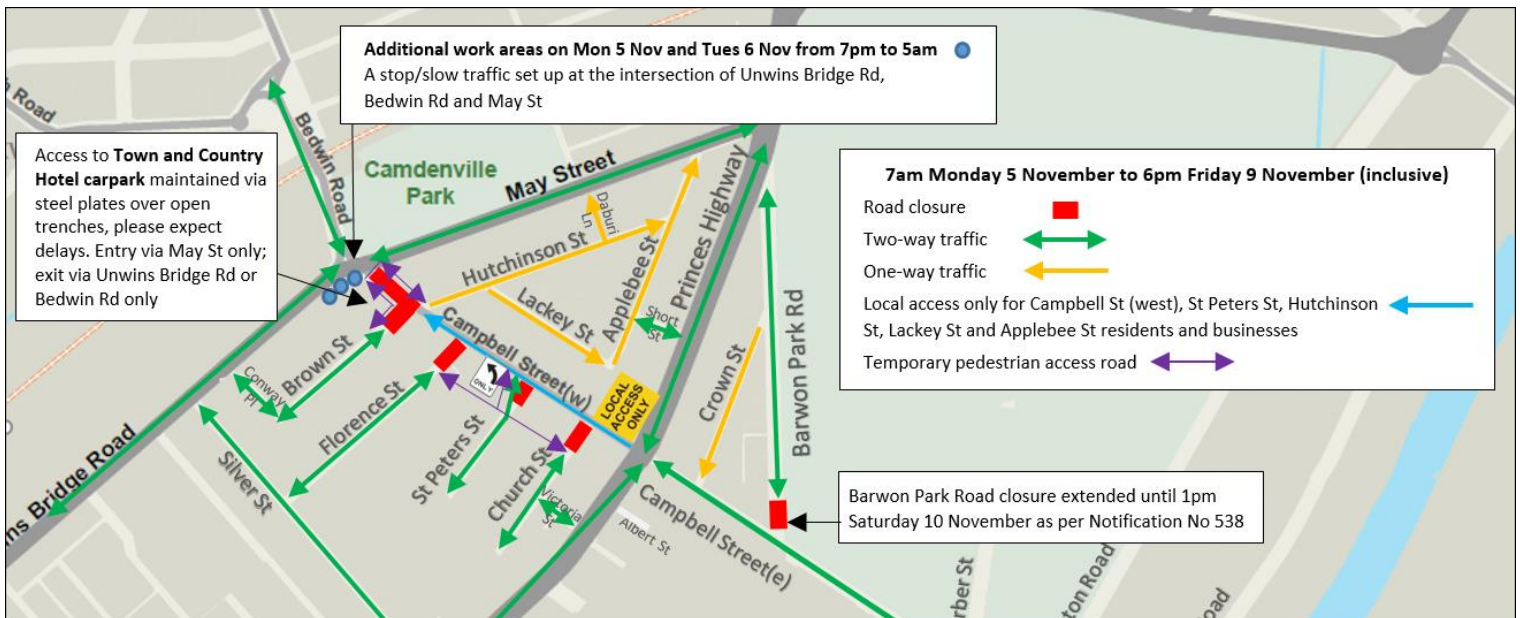

- A stop/slow traffic set up will be in place at the intersection of Bedwin Road, Campbell Street, May Street and Unwins Bridge Road under the direction of traffic control. Traffic will be maintained in all directions, however please expect delays and follow the directions of traffic control signage and personnel.

How this affects you

Equipment used during these works will include road saw, excavator, cranes, roller, hand tools, light vehicles, vacuum trucks, construction vehicles, compaction equipment, lighting towers and traffic control. The site compounds on May street and along the southern side of Campbell Street will be used intermittently throughout the work for storage of materials and vehicle parking.

This work is expected to generate high noise. Every effort will be made to minimise noise and light spill associated with this work by turning off equipment and vehicles when not in use and directing noise and light generating equipment away from residential properties where possible.
