

Night work to install a Permanent Variable Message Sign on Bunnerong Road, Daceyville

Construction work for the permanent Variable Message Sign (VMS) is scheduled for Wednesday 23 January 8pm to 5am with Thursday 24 January 2019 as a contingency date (weather permitting).

If we are unable to complete the work on the above dates, work will resume the following week on Wednesday 30 January to Friday 1 February 2019 to finalise installation of the VMS structure.

The location of the VMS has been selected to:

- minimise impacts to private property
- provide sufficient time for road users to read, understand and follow the message on the sign
- avoid conflict with existing road signs
- ensure safe access for maintenance crews
- comply with Roads and Maritime Services technical specifications

The VMS will support the efficient operation of the road network by providing real-time information about changes to road conditions due to accidents, unplanned traffic incidents, bad weather, as well as planned events. This will enable road users to make informed decisions about their journeys.

What we're doing

Construction will include:

- Installation of the VMS pole and outreach
- VMS sign installation
- Reinstatement of footpath

In the coming months we will return to complete the electrical installation in preparation for the VMS to be fully operational.

Equipment used will include crane, excavator, saw cutter, compactor, hand tools, elevated work platforms, trucks, lighting tower and construction vehicles to complete the works.

When

Wednesday 23 January with Thursday 24 January 2019 as a contingency date (weather permitting)

And

Wednesday 30 January and Friday 1 February 2019 (weather permitting)

Hours of operation

Monday to Friday - 8pm to 5am

Where

Bunnerong Road, (adjacent to Rowland Park) Daceyville

BUILDING OUR FUTURE

Constructed by

How this affects you

Construction work is required to be undertaken outside of standard construction hours for the safety of workers, pedestrians and motorists.

There will be some noise impacts to neighbouring properties during the night work.

During these works north bound lane closures will be in place. North bound traffic will be maintained; managed by traffic control. Traffic cones will be placed on the road prior to the work to temporarily remove parking around the work area.

If you have a question about this work, please call 1800 660 248 (toll free) and ask to speak to a member of the New M5 community engagement team or email info@newm5.com.au.
