

Night work is required for the Permanent Variable Message Sign on Botany Road, Rosebery

Construction work for the permanent Variable Message Sign (VMS) is scheduled for Thursday 24 January 8pm to 5am with Friday 25 January 2019 as a contingency date (weather permitting).

If we are unable to be completed on the above dates, work will resume the following week on Wednesday 30 January and Friday 1 February 2019 to finalise the installation of the VMS structure.

The location of the VMS on Botany Road between Harcourt Parade and Gardeners Road, Rosebery has been selected to:

- minimise impacts to private property
- provide sufficient time for road users to read, understand and follow the message on the sign
- avoid conflict with existing road signs
- ensure safe access for maintenance crews
- comply with Roads and Maritime Services technical specifications

The VMS will support the efficient operation of the road network by providing real-time information about changes to road conditions due to accidents, unplanned traffic incidents, bad weather, as well as planned events. This will enable road users to make informed decisions about their journeys.

What we're doing

Construction will include:

- Installation of the VMS pole and outreach
- VMS sign installation
- Reinstatement of footpath

Equipment used will include crane, excavator, saw cutter, compactor, hand tools, elevated work platforms, trucks, lighting tower and construction vehicles to complete the works.

When

Thursday 24 January with Friday 25 January 2019 as a contingency date (weather permitting)

And

Wednesday 30 January and Friday 1 February 2019 (weather permitting)

Hours of operation

8pm to 5am

Where

Botany Road between Harcourt Parade and Gardeners Road, Rosebery

Notification No.611

Constructed by

In the coming months work will resume in your area to complete the electrical installation in preparation for the VMS to be fully operational.

How this affects you

Construction work is required to be undertaken outside of standard construction hours for the safety of workers, pedestrians and motorists.

There will be some impacts to traffic during the nightwork, including a closure of two lanes on Botany Road to establish the work compound and allow the VMS to be installed. One southbound lane will remain open during the work.

A map showing the location of the work is provided below.

If you have a question about this work, or would like to receive an email about this work, please call 1800 660 248 (toll free) and ask to speak to a member of the New M5 community engagement team or email info@newm5.com.au.
