

## Night work on Princes Highway, St Peters

Night work will continue in various locations along Princes Highway near the Campbell Street intersection to carry out utility work. Due to safety and traffic, this work must take place at night outside of peak volume times.

### What we're doing

Night work will be undertaken to install new underground power and communications conduits and haul cables through already installed conduits at various locations on Princes Highway near the Campbell Street intersection. The work schedule is:

- Friday 1 March from 7pm to 5am
- Monday 4 March from 7pm to 5am
- Tuesday 5 March from 7pm to 5am
- Wednesday 6 March from 7pm to 5am
- Monday 11 March from 7pm to 5am
- Tuesday 12 March from 7pm to 5am
- Wednesday 13 March from 7pm to 5am

Please see the map overleaf to further explain the locations of this work.

### Traffic changes

In place on the above dates from 7pm to 5am

- Lane closures will be in place on Princes Highway near the Campbell Street intersection. Two-way traffic will be maintained at all times
- Pedestrian access on Princes Highway will be maintained under the direction of traffic control. For safety reasons, pedestrians may be directed to cross the road to the opposite footpath

Parking restrictions will be in place along Princes Highway prior to each night work shift.

## How this affects you

Equipment used during this work will include a road saw, rock breaker, excavator, vacuum truck, construction vehicles, cable hauling equipment, compaction equipment, lighting towers, hand tools and traffic control. This work is expected to generate high noise.

Every effort will be made to minimise noise and light spill associated with these works by turning off equipment and vehicles when not in use and directing noise and light generating equipment away from residential properties where possible.

The site compounds on May Street and along Campbell Street will be used intermittently throughout the work for storage of materials and vehicle parking.
