

Night work and traffic changes on Campbell Street (east) and Crown Street St Peters

Night work will take place on Campbell Street (east) and Crown Street to carry out utility service installation and commissioning work. The map overleaf shows the location of these works.

1) Night work on Campbell Street (east)

We are commissioning a newly installed water main on the northern side of Campbell Street (east) between Crown Street and Barwon Park Road on **Tuesday 5 March from 7pm to 6am**. This work was originally scheduled to take place on Wednesday 13 February as per Notification No 624 and was postponed.

The work will involve excavating the road pavement, cutting the existing Sydney Water assets and connecting it to the newly installed water main.

Some properties in the area may be impacted by a Sydney Water night time service outage in connection with this work on Tuesday 5 March between 10pm and 3am. Sydney Water will notify affected customers.

Vehicle and pedestrian access on Campbell Street (east) will not be affected by this work.

2) Night work on Crown Street

Night work will take place to install an underground communications conduit along the eastern footpath on Crown Street. Due to safety and traffic approvals for road closures on Crown Street, this work must take place at night outside of peak volume times. The work area will cover a 30-meter section, spanning from the Campbell street intersection. The work schedule is:

- **Monday 11 March from 7pm to 6am**
- **Tuesday 12 March from 7pm to 6am**
- **Wednesday 13 March from 7pm to 6am** is scheduled as contingency if the work cannot be completed in two night work shifts on Monday and Tuesday

Parking restrictions will be in place around the work area prior to and for the duration of the work.

Where/When

1) Campbell Street (east)

Tuesday 5 March

2) Crown Street

Monday 11 March

Tuesday 12 March

Contingency date:

Wednesday 13 March

Hours of operation

7pm to 6am

Notification No.637

Australian Government

BUILDING OUR FUTURE

Constructed by

**Traffic changes on Crown Street - Monday 11 March and Tuesday 12 March from 7pm to 6am
(Contingency date: Wednesday 13 March from 7pm to 6am)**

- Road closure on Crown Street at the intersection of Campbell Street
- Two-way traffic permitted on Crown Street under the direction of traffic control; entry and exit via Barwon Park Road and Princes Highway only
- Pedestrian access between Crown Street and Campbell Street will be managed under the direction of traffic control

How this affects you

Equipment used during these works will include excavators, vacuum trucks, road saw, lighting towers, construction trucks, hand tools, light vehicles, compaction equipment and traffic control. These works are expected to generate high noise. Every effort will be made to minimise noise and light spill associated with this work by turning off equipment and vehicles when not in use and directing noise and light generating equipment away from residential properties where possible.

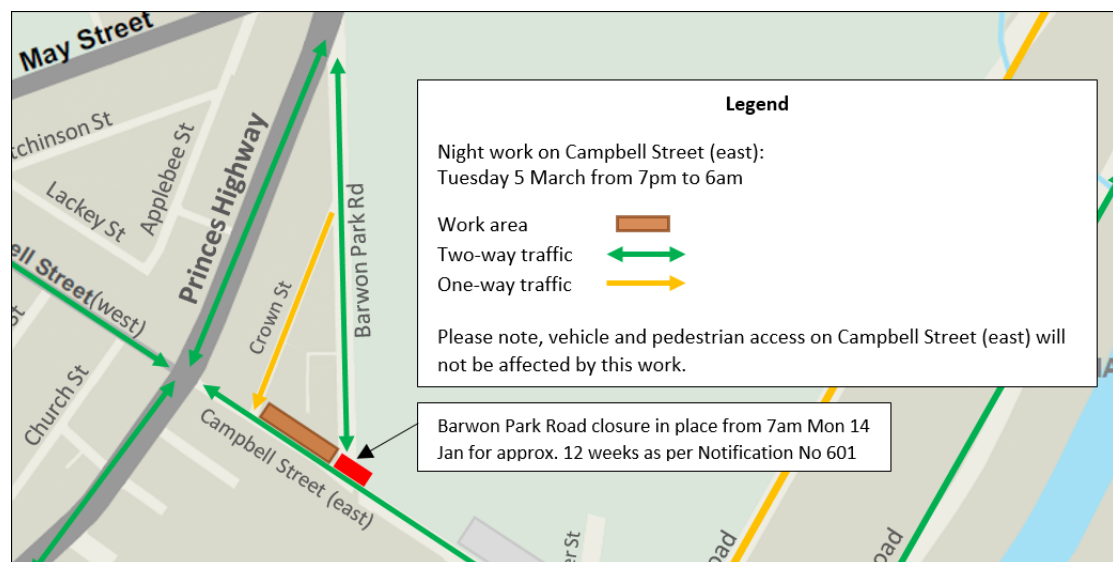

The site compounds on May Street and along the southern side of Campbell Street will be used intermittently throughout the work to store materials and park work vehicles.

Other work in your area: on Tues 5 March, Mon 11 March, Tues 12 March and Wed 13 March, utility night work is also scheduled to take place on Princes Highway near the Campbell Street intersection. Notification No 634 was delivered to local residents on Friday 22 February and is available under 'Local Updates' on www.westconnex.com.au/projects/new-m5.
