

## Night work in Kingsgrove & Bexley North

Night work will be undertaken in sections of the road verge, on the M5 East between Bexley Road and King Georges Road to progress construction of the New M5.

### What we're doing

Work will be carried out over four nights during the existing M5 East maintenance shutdown period from Sunday 17 March to Wednesday 20 March 2019 (weather permitting). These works will be undertaken outside of normal construction hours for the safety of workers and motorists.

A map showing the location of the work is provided overleaf.

Activities for the March shutdown will include:

- Barrier installation and relocation on the M5 East
- Footpath construction at the King Georges Road on and off ramps
- Storm water earthworks on the M5 East median
- Gantry work including footing excavation, concrete work, installation of cladding, conduit installation and backfilling, alignment and cable works at Kingsgrove Road and King Georges Road
- Gantry delivery and installation including work on the shared user path at Bexley North
- Concrete saw cutting
- Gantry electrical installation and alignment
- Tree trimming and removal
- North and south tunnel portal works including excavation work, piling, concreting and shotcreting
- Milling, resurfacing and asphaltting on the road surface
- Service investigation
- Concrete pavement and footpath construction
- Signage removal and installation of new signage
- CCTV inspection of stormwater drain
- Road sweeping
- Removal of construction material from the median
- Trenching and conduit installation

### When

Sunday 17 March to  
Wednesday 20 March 2019  
(weather permitting)

**BUILDING OUR FUTURE**

Constructed by

Equipment used will include excavators, concrete cutters, truck mounted coring machine, cranes, elevated work platforms, vacuum trucks, road sweepers, concrete agitators, lighting towers, electric hand tools, impact wench, chainsaws, wood chipper and compressors as well as other construction vehicles.

### How this affects you

Some of this work will be noisy, however noise monitoring will be conducted during these works. Any dust generating activities will be watered down to minimise dust. Traffic control and signage will be in place to assist road users through these changed traffic conditions.

Testing of the gantries has also begun and motorists may hear a beep however tolls will not be charged. For more information, visit [westconnex.com.au/tolling](http://westconnex.com.au/tolling).
