

11 November 2016

Power adjustment work – Albert Street, St Peters

Work is underway on WestConnex which involves widening and extending the M4 and M5 and joining them to create a free-flowing motorway network.

The New M5 will duplicate the existing M5 East corridor, doubling vehicle capacity and easing congestion between St Peters and Beverly Hills. It will include twin tunnels, an upgrade of King Georges Road Interchange, a new interchange at St Peters and local road upgrades in St Peters, Mascot and Alexandria.

To accommodate the local road upgrades in St Peters, adjustments to the existing power supply in the area will be progressively undertaken, including removing existing overhead power lines.

From **17 November 2016**, work will be undertaken along **Albert Street between Princes Highway and Campbell Street, St Peters** to remove the existing overhead power lines and poles. A map showing the work area is provided overleaf.

This work will be undertaken by an Ausgrid certified contractor and is expected to take approximately two weeks to complete, weather permitting.

Work will generally occur between **7.00 am and 6.00 pm from Monday to Friday and between 8.00 am and 1.00 pm on Saturday**. Some work may be done at night or on weekends due to Ausgrid network and traffic requirements. You will be notified if out-of-hours work is to be undertaken near your property.

The work will involve:

- identifying existing underground utility services
- excavating, backfilling and reinstating the road, footpath and verge
- removing existing overhead power lines and poles
- installing of new poles
- installing and connecting power cables

Equipment to be used during this work will include a vacuum truck, excavator, trucks, rock breaker, road saws, light vehicles, hand tools and elevated work platform.

Power outages may be required to safely undertake this work and Ausgrid will notify impacted customers directly.

The work will involve some temporary changes to traffic conditions for the safety of road users, pedestrians, cyclists and workers, including:

- reduced speed limits
- footpath closures and detours
- short term closure of on-street parking
- temporary parking lane closure

Traffic control and signage will be in place to assist road users, pedestrians and cyclists.

If you have any questions or complaints about this work, please call 1800 660 248 (24-hours) and ask to speak to a member of the new M5 community engagement team or email info@newm5.com.au.
