

## Utility work on Princes Highway, Tempe

The western footpath and two northbound lanes of the Princes Highway will be closed at night near the Cooks River to facilitate utility works. The footpath and lanes will remain open during the day.

### What we're doing

We will undertake electrical service works which involves:

- Site mobilisation - setting up
- Saw cutting and removal of a concrete pathway.
- Vac truck to locate services
- Trenching (approximately – 600 depth), laying conduits
- Cabling
- Backfill between two posts near Cook's River on western side and reinstatement
- Deactivate and removal of overhead cable between two pole to underground, this is to enable installation of VMS (variable message sign board) at a later stage

We will use a saw cutter, lighting towers, trucks, construction vehicles and traffic management to complete these works.

### How this affects you

The western footpath and two northbound lanes will be closed when working on site between 9pm to 5am and will reopen during the day. A detour route will be in place for pedestrians and traffic control will be in place to guide pedestrians throughout the duration of work (see map overleaf). This work will be done at night to ensure the safety of motorists, pedestrians, residents and workers.

There may be some impact to residents during this work including noise and worksite lighting. We will make every effort to minimise these impacts by working no more than four nights in a week. Every effort will be made to ensure noisier louder works occur earlier in the night.

We apologise for any inconvenience this may cause.

If you have a question about this work, please call 1800 660 248 (toll free) and ask to speak to a member of the New M5 community engagement team or email [info@newm5.com.au](mailto:info@newm5.com.au).
