

## Blasting activities in the St Peters area

Further to the spring construction update, blasting will typically be undertaken in the St Peters area daily **Monday – Friday in between the hours of 9am – 5pm** and **Saturdays in between 9am – 1pm**.

One round of blasting will take place on each of these days. There will be no blasting on public holidays or Sundays. Blasting will continue into 2018.

### What is blasting?

Blasting is an alternative method of tunnel excavation to roadheader excavation, and is a common technique in the tunnelling, mining and civil industries. During a blast event, residents may experience a low rumbling noise. Vibrations may also be experienced for approximately 10 seconds.

The expected vibrations have been modelled by experts in the field of blasting, trial blasts have been carried out to confirm the models generated and vibration and will be monitored daily during blasting events.

A map showing blasting locations is shown overleaf.

We apologise for any inconvenience this work may cause.

If you would like further information or would like to discuss the location of the site compound, please call **1800 660 248** and ask to speak to a member of the New M5 community engagement team or email [info@newm5.com.au](mailto:info@newm5.com.au).

Notification No:

### ABOUT WESTCONNEX

WestConnex is part of a broader transport plan for Sydney which includes improved public transport, such as Sydney Metro and light rail, as well as better, more reliable motorway solutions. More than two-thirds of WestConnex will be built underground. Once complete, motorists will be able to avoid up to 52 sets of traffic lights and enjoy significant travel time savings.
