

## Night work and traffic changes on Campbell Street St Peters

Night work will be carried out to finalise part of the diversion road work on Campbell Street (east) St Peters. The work will take place on Campbell Street between the Princes Highway and Barwon Park Road St Peters as shown on the map overleaf. The work will involve asphalt installation, profiling work, line marking, line removal, barrier installation and installation of signage.

### Timing and work hours

This work will take place on **Tuesday 12 December and Wednesday 13 December between 7pm to 5am each night**. This work is being conducted at night for the safety for workers, motorists, cyclists and pedestrians due to the proximity to live traffic lanes as the tie-ins extend to the middle of the current Campbell Street.

### Traffic changes

Campbell Street and Campbell Road will be closed between the Princes Highway and Harber Street. **During this night work, Crown Street will be two way traffic with traffic controllers in place to assist entry and exit via Barwon Park Road.**

The intersection at Campbell Street and Barwon Park Road and Campbell Street and Crown Street will also be closed. Barwon Park Road and Crown Street residents should enter and exit via Barwon Park Road and Princes Highway.

There will be further traffic changes in the coming week for which you will be notified.

Traffic control and signage will be in place to assist motorists, pedestrians and cyclists through the changes. Pedestrian access to properties and along Campbell Street will be maintained at all times. Vehicle access to properties may be restricted at times.

### Equipment used

Paver, rollers, semi-trucks, bobcat, grinder, franna, barriers and traffic control will be used to complete the work.

### Minimising community impact

The work is expected to create some noise impacts to nearby residents. Every effort will be made to minimise noise associated with this work by:

- turning off equipment and vehicles when not in use
- using non-tonal reversing beepers on all machinery during work
- directing noise generating equipment away from residential properties where possible
- lighting to be minimised if safe to do so

During the works, pedestrian and cyclist access will be detoured away from the road closure and work zone. Traffic control will be in place to manage traffic impacts.

### More information

If you have any questions about this work, please call 1800 660 248 and ask to speak to a member of the New M5 Community Engagement Team or email [info@newm5.com.au](mailto:info@newm5.com.au). You can also visit the New M5 Community Information Centre located at 27 Burrows Road St Peters. The centre is open on weekdays from 9am to 5pm.
