

Traffic changes and night work on M5 East, Kingsgrove

Work is being scheduled to complete the temporary east and west bound realignment of the M5 East at Kingsgrove between King Georges Road and Kingsgrove Road. This temporary realignment is required to enable the construction of the on-ramp into the New M5 tunnel and also for construction of the bypass lanes taking motorists from the King Georges Road on-ramp to link to the existing M5.

This work needs to occur at night to limit the impact on day time traffic and for the safety of workers and motorists.

What we're doing

From 10pm Wednesday 28 February 2018 to 5am Monday 5 March, night work will be required to complete the realignment. Noisy work will not occur for more than three consecutive nights and where possible noisy work will be scheduled prior to midnight.

Work activities include:

- Saw cutting and breaking of concrete pavements and barriers
- Excavation and grading associated with pavement construction
- General trench excavation for the Intelligent Transport System works
- Steel fixing and formwork for concrete paving construction
- Concrete pumping / pouring associated with paving construction
- Asphaltting
- Profiling.
- Placement of concrete barriers

Equipment used during the work will include line marking machine, mobile crane, trucks, demolition saw, concrete saw, generator, lighting towers, road sweeper, construction vehicles and traffic management.

How this affects you

Eastbound traffic will be moved onto a two lane section of road between King Georges Road and Kingsgrove Road, to the left of the existing road alignment. Westbound traffic be moved onto a two lane section of road directly next to the new Eastbound section of road. This will not affect the traffic conditions. The map on the back of this notification shows the new alignment. Signage will be in place to assist road users through the change.

The current speed limit of 80km/hour will remain unaffected.

When
