

Weekend, Night Work for Barrier Relocation on Campbell Road St Peters

Night work will be carried out for the relocation of the existing concrete barriers on Campbell Road between Barwon Park Road and Harber Street. (See map overleaf).

What we're doing

The work will involve relocating the existing concrete barriers on Campbell Road (see map overleaf). Line removal and line marking will also take place, weather permitting. This work will take one night to complete. The work hours are as follows:

- Sunday 15 April 7pm to 6am - cones will be placed at the parking lane on the northern side of Campbell Road.
- Monday 16 April 7pm to 5am - relocation of barriers

The equipment used will include trucks, bobcat, line mover, construction vehicles and lighting towers.

Traffic Changes

There will be no access to the parking lane on the northern side of Campbell Road, between Barwon Park Road and Harber Street from 8pm Sunday 15 April to 5am Tuesday 17 April.

How this affects you

There may be some impacts to residents during this work, including noisy machinery and lighting. We will make every effort to minimise these impacts by turning off equipment and vehicles when not in use, using non-tonal reversing beepers on all machinery and facing the lighting towers away from any residential properties. In addition every effort will be made to ensure that noisier work occurs earlier on in the night.

We apologise for any inconvenience this may cause.

If you have a question about this work, please call 1800 660 248 (toll free) and ask to speak to a member of the New M5 community engagement team or email info@newm5.com.au.
